

JL V&TI METAL

## ALLOYS

$\text{TiO}_2$   
Q/JL-JB25-2021

### Application

$\text{TiO}_2$  is used as master alloy for the production of titanium alloys

### Quality Material

a)visual inspection

### Size

powder

### Packaging

In sealed steel drums/Bagged

### Chemical Analysis in wt%

|                |             |
|----------------|-------------|
| $\text{TiO}_2$ | $\geq 99.5$ |
|----------------|-------------|

No.1 | March 2025
